23 October, 2014

Dear Principal,

We write with pleasure to let you know that the following form one student (2013/2014) who received primary education at your school has been doing remarkably well at our school.

**Lau Tin Lam (Third in Form)**

A child's primary education is crucial in helping him/her to develop self-discipline, a positive attitude, a solid foundation, good working habits and a desire to learn. We believe that your school and your teaching staff have contributed greatly in making a significant impact on the above student and would like to thank you and congratulate you on your accomplishment.

May we also take this opportunity to assure you that despite the difficult challenges you face every day in bringing up so many youngsters in their formative years, your hard work does pay off. We wish you all the best in your continued effort to help shape the future of your students.

Yours faithfully,

Wong Lee Lee  
Principal
